2/B. Production policy of packaging articles intended to come into contact with food

Production, treatment and sales of the 1,8 – 8,0 mm thickness HDF/MDF (E-LE) happen, according with the **IOS-MAT-0129 AA-2019931-**1 Wood, wood-like materials and natural materials in food-contact materials – chemical requirements and Commission Regulation **(EC) No 2023/2006** of 22 December 2006 on good manufacturing practice for materials and articles intended to come into contact with food requirements.

KRONOSPAN-MOFA Hungary Ltd's written packaging production policy is as follows:

Detailed rules on good manufacturing practice

Processes involving the application of printing inks to the non-food contact side of a material or article

1. Printing inks applied to the non food-contact side of materials and articles shall be formulated and/or applied in such a manner that substances from the printed surface are not transferred to the food-contact side:
   (a) through the substrate or;
   (b) by set-off in the stack or the reel,
in concentrations that lead to levels of the substance in the food which are not in line with the requirements of Article 3 of Regulation (EC) No 1935/2004.

2. Printed materials and articles shall be handled and stored in their finished and semi-finished states in such a manner that substances from the printed surface are not transferred to the food-contact side:
   (a) through the substrate or;
   (b) by set-off in the stack or reel,
in concentrations that lead to levels of the substance in the food which are not in line with the requirements of Article 3 of Regulation (EC) No 1935/2004.

3. The printed surfaces shall not come into direct contact with food.

The principles set out in Regulation (EC) No **1935/2004** require that substances:
- Do not release their ingredients in food in amounts that may be harmful to human health.
- Do not alter the composition, taste or smell of the food in an unacceptable way.

The packaging material of our products must conform to the following:

- Regulation (EC) No **1935/2004** of the European Parliament and of the Council of 27 October 2004 on materials and articles intended to come into contact with food and repealing Directives 80/590/EEC and 89/109/EEC, Official Journal of the European Union L 338/4 of 13.11.2004, modified by app. no. 5.17 of the regulation (EC) No 596/2009 of 18 June 2009, Official Journal of the European Union L 188 of 18 July 2009, article No 3;

- Commission Regulation (EU) No **10/2011** of 14 January 2011 on plastic materials and articles intended to come into contact with food Official Journal of the European Union L 12/1 of 15 January 2011, last amendment by Commission Regulation (EU) 2019/37 of 10 January 2019, Official Journal of the European Union L 9/88 of 11 January 2019;

- **IOS-MAT-0129 AA-2019931-1** Wood, wood-like materials and natural materials in food-contact materials – chemical requirements std.

and the additional national laws contained in the current official GSoC available on our website.
