CERTIFICATE

on compliance of methodology

Reg.No.: KFR-2019/23-17T

Date: 31. 05. 2022.

Subject: Determination of dry matter content of round wood and wood chips

Producer: KRONOSPAN-MOFA Hungary Kft.
H-7700 Mohács, Budapesti országút 72.

Client: KRONOSPAN-MOFA Hungary Kft.
H-7700 Mohács, Budapesti országút 72.

Testing documents: ELL-FT-AT-01, *Determination of dry matter content of incoming round wood and wood chips testing code*
ELL-FT-AT-02, *Determination of correlation factor for dry matter content of incoming round wood and wood chips, rules of system supervision audit methodology*

Order No.: KFR-2019/23

Audit report: KFR-2019/23-17

Audit interval: quarterly

NYME KVL as independent testing laboratory has ascertained during the audit process that the methodology and testing method of the client is

appropriate

to determine oven dry mass of incoming round wood and wood chips.

Based on the audit process the producer and the employees were found

capable

to apply the above mentioned methodology.

Valid:

31. 12. 2024.

Dr. Néző Albert
